

Visit the Gemini North telescope!

Gaze upon the Gemini North telescope from the rarified air near the summit of Maunakea! Depending on availability, you'll see the control room, mirror coating chamber, and of course the telescope itself.

- ✦ Free public visits every other Thursday at 10:30 a.m.
- ✦ Visitors will require a 4WD vehicle to visit.
- ✦ Max. 10 visitors per tour; reservations are needed in advance.
- ✦ The Gemini North telescope is located at an altitude of 4200 meters (13,825 feet); altitude sickness is common at this level and all visitors should be in good health.
- ✦ Visitors will need to bring water, lunch, and/or snacks.
- ✦ Visitors must be at least 13 years old; minors aged 13 to 17 must be accompanied by a responsible adult.
- ✦ Visitors should expect a tour of approximately 4 hours duration from their arrival at the Maunakea Visitor Information Station (VIS) at 10:30 a.m. to their return to the VIS.

Reservation in advance required – Book your FREE visit [here](#)

The Gemini North telescope, one half of the International Gemini Observatory, is supported in part by the U.S. National Science Foundation and operated by NSF NOIRLab.
